PROFESSIONAL SUMMARY

Motivated Full Stack Web Developer with nearly 2 years of hands-on experience building and deploying web applications. Proficient in the MERN stack, with a strong foundation in both front-end and back-end development. Skilled in designing and implementing user-friendly interfaces and robust server-side architectures. Currently expanding expertise in Next.js to deliver even more dynamic and scalable web solutions. Passionate about learning new technologies and continuously improving development practices through self-driven projects.

EDUCATION

Bachelor of Software Engineer, (CGPA: 3.98)

National University of Modern Languages, Islamabad   2021 - Expected 2025

Technical SKILLS

Front-End:	HTML, CSS, JavaScript, React, Tailwind CSS, Bootstrap, Redux
Back-End:	Node.js, Express.js, Next.js
Databases:	MongoDB, MySQL, Firebase
Others:	RESTful APIs, GraphQL, WebSockets, Agile/Scrum, Git, Github

EXPERIENCE

MERN Developer – Fellowship   Jun 2024 - Present
Bytewise Limited   *Islamabad, PK*

- Created a fully functional cart management system using the MERN stack, enabling users to add, update, and remove items, with real-time updates and seamless user experience.
- Built a social media application clone, implementing features such as user authentication, post creation and liking. Leveraged MongoDB for data storage and React for dynamic user interface components.
- Developed a goal-setting application that allows users to create, track, and manage personal goals.

Front End Web Developer – Internship   Aug 2023 - Sep 2023
Pakistan Post   *Islamabad, PK*

- Revamped Pakistan Post website using React, improving user experience.
- Optimized MySQL database, enhancing data management efficiency.
- Integrated Order Tracking System API, enabling real-time tracking on website.

PROJECTS

Promptopia: (Try it here)

Created Promptopia, an open-source tool using Next.js for discovering, sharing, and editing creative prompts. Features include:

- **Account Creation:** Users can sign up and manage their accounts.
- **Prompt Discovery and Sharing:** Explore prompts shared by others and contribute your own.
- **Edit and Manage Prompts:** Users can edit their own prompts and see updates in real-time.
- **Interactive Interface:** Designed with Next.js for a seamless and engaging user experience

Goal Setter App: (Try it here)

Developed a Goal Setter web application using the MERN stack, focused on helping users manage and achieve their personal goals. The application features:

- **Account Creation and Authentication:** Implemented secure user authentication with JWT, allowing users to create accounts, log in, and manage their profiles.
- **Goal Management:** Users can easily set, and remove goals, with each goal tracked individually.
- **Real-Time Updates:** Integrated real-time updates, ensuring that any changes to goals are reflected instantly across the user interface.
- **User-Friendly Interface:** Designed an intuitive and responsive interface using React, providing a seamless experience on both desktop and mobile devices.

Crypto Warrior: (Try it here)

Developed a dynamic website that displays real-time data for over 1,000 cryptocurrencies using a pre-built API. The site allows users to efficiently track cryptocurrency values, with features such as:

- **Real-Time Updates:** Integrated API for live data on cryptocurrency prices.
- **User-Friendly Interface:** Designed a responsive and intuitive layout for seamless navigation.
- **Comprehensive Data:** Provides detailed information and tracking capabilities for a wide range of cryptocurrencies.

Personal Portfolio: (Try it here)

Created a personal portfolio website using React.js, featuring:

- **Interactive Design:** Showcases projects and skills with a modern, responsive layout.
- **Contact Form:** Integrated a contact form linked to Firebase for efficient communication and inquiries.
- **Portfolio Highlights:** Displays detailed information about past projects and achievements.

EXTRA-CURRICULAR ACTIVITIES

- Actively involved in the MLSA NUML community, collaborating with peers and participating in initiatives aimed at fostering learning and innovation in technology.

Certifications / Challenges

- Meta Front-End Developer by Meta on Coursera   January 24, 2024
- Azure Sekho Challenge by Microsoft Learn   January 2024

Soft Skills

- Communication
- Problem-Solving
- Team Collaboration
- Time Management
- Attention to Detail
- Leadership
- Analytical Thinking
